

Volunteer Information

Thank you for your interest in volunteering at NOAH. The following briefly outlines our various activities and operating hours

Welfare Centre

We need people to keep our service users company in the Day Room – playing cards, dominoes, other games or maybe just chatting and where appropriate liaising with staff about special needs.

If you have particular skills to begin a new activity that too would be useful. Volunteers run our book club and our art classes for instance.

The opening hours of our Welfare Centre are 9am – 3.30pm with the exception of Tuesday when we close at 2pm.

The Welfare Centre kitchen needs willing hands from 11.30am – 2pm Mondays to Fridays and between 12.30pm and 2.30pm at the weekend.

We have a clothing store on our Welfare Centre site which is open from 10am until 2pm weekdays. This provides emergency clothing, bedding and some household items to our service users and the local community.

Retail, Warehousing and Reuse

Our Furniture Shop based at Church Street is where we sell recycled and new furniture and white goods. We also offer work experience opportunities to those of our service users ready to move on. Retail, warehousing, re-stocking the shop floor with donated furniture, drivers mates – all are areas where you can help.

Our Charity Shop in High Town opens 10am – 4pm weekdays and 9am – 2pm on Saturdays. We need help sorting donations and in the shop itself.

Our new shop in the Arndale Centre, The Arkaid sells new furniture and white goods and is open 9am – 5pm Mondays – Saturdays. Retail and generally keeping the store pristine are areas where you could help.

Allotment

We have been offered an allotment in Stockwood Park which will be maintained by our service users. It needs clearing, planting and our people will need someone to lead the team and supervise their efforts – if you are a keen gardener with some knowledge, you would be welcome

Corporate

On all sites we are pleased to have help in administration and if you have particular skills in any admin area we would be pleased to hear about them for some of the projects in which we get involved.

We also have a particular need for volunteers with professional skills such as Finance, Marketing, Design and IT.
